The Honorable George W. Bush, President of the United States of America

Dear Mr. President,

I am corresponding to you again concerning my ownership of property known as Iron Mountain Mines, located in Shasta County, California.

This is a formal petition for Executive Clemency.

I am asking for Executive Clemency pursuant to the **Authority of the** United States Constitution, Art. II, Sec. 2; authority of the President as Chief Executive; and 28 U.S.C. §§ 509, 510, for ownership of the pollution at Iron Mountain Mines, Inc.

The special circumstances that justify pardon and remission are the fact that I am 86 and that I am an innocent landowner, that I am a third party to the pollution, that I did nothing to contribute to the pollution, that I have cooperated with every reasonable effort to abate the pollution, that there is already a settlement with the polluter responsible for the pollution, that there is newfound knowledge of the biological participation in the pollution on my property, that there is newly discovered potential beneficial uses for the hazardous materials, and because the effects an act of God may have in contribution to the pollution.

My joint venturer John Hutchens should also be pardoned for any ownership liability of hazardous wastes he may have incurred by his associations with me.

He is your fellow Texan, so I know you will understand how much he would appreciate your help these days.

Thank You for your 8 years of service to the nation as our President.

Best Wishes for the holidays to the First Lady and all your family

Happy Thanksgiving,

/s/ T.W. (Ted) Arman
